

Sarah E. DeYoung, PhD

Associate Professor

Department of Sociology & Criminal Justice

Disaster Research Center

Joseph R. Biden, Jr. School of Public Policy and Administration

University of Delaware

sedeyoun@udel.edu

Education

Ph.D. Applied Social and Community Psychology, North Carolina State University: 2014

M.S. Experimental Psychology, Saint Joseph's University: 2009

B.A. Psychology, North Carolina State University: 2005

Areas of Expertise

Evacuation Decision-making, Maternal & Infant Health in Disasters, Refugee & Immigrant Well-being, Companion Animals in Disasters, Psychological Sense of Community, Weather Warnings and Risk Communication, Family Stress in Disasters, Disaster Policy & Legislation, Team Science & Engineering Research Integration with Social Data

Academic Positions

Associate Professor, University of Delaware, Disaster Research Center and Department of Sociology & Criminal Justice (2019 — current)

Assistant Professor, University of Georgia, Institute for Disaster Management and Health Policy & Management (2016 — 2019)

Postdoctoral Researcher, University of Delaware Disaster Research Center
Funded by Hazards National Science Foundation. SEES Type 2: Dynamic Integration of Natural, Human, and Infrastructure Systems for Hurricane Evacuation and Sheltering
(2014 — 2016)

Project Manager, North Carolina State University
NSF/IUCRC Program Evaluation Project, Innovation Studies Lab
(2009 — 2013)

Peer Reviewed Publications

Awards

2022 Distinguished Book Award from the Animals and Society Section of the American Sociological Association, for *All Creatures Safe & Sound* (DeYoung & Farmer, 2021)

Awarded Grants

*Awarded (2022-2027) NSF Large-Scale CoPe: Coastal Hazards, Equity, Economic prosperity, and Resilience (CHEER)

Agency: National Science Foundation

Start/End Dates:08/01/22-09/31/27

Co-Principal Investigator

Principal Investigator: Rachel Davidson

Requested Amount: \$ 16,240,129.00

*Awarded (Start date June 2021) Infant feeding in emergencies: measuring changes during natural hazards in the United States

Agency: University of Delaware: UDRF

Principal Investigator

Requested Amount: \$ 34,999.00

*Awarded (2020-2021) Infant feeding in emergencies: measuring changes during natural hazards in the United States

Agency: University of Delaware: GUR, 2020-2021

Principal Investigator

Requested Amount: \$ 15,000.00

*Awarded (2020-2023) NSF HDBE CUEBIQ: Collaborative Research: Leveraging massive smartphone location data to improve understanding and prediction of behavior in hurricanes

Agency: National Science Foundation

Start/End Dates:10/01/20-09/31/23

Co-Principal Investigator

Principal Investigator: Rachel Davidson

Requested Amount: \$346,037.00

*Awarded (2019): Quick Response Grant: University of Colorado, Boulder Natural Hazard Center. Solidarity and Storytelling: Debris and Visual Expressions of Collective Community After the 2019

Lee County (Alabama) Tornado
Principal Investigator
Total Award Amount: \$1,925

*Awarded (2017- 2019): National Science Foundation. RAPID: Pets & Evacuation: Group mobilization, coordination, and decision-making for companion animals in Hurricane Harvey and Irma.

Principal Investigator
Total Award Amount: \$94,085

*Awarded (2017-2019) National Academies of Science, Engineering, & Medicine. Community and Family Resilience, Strength and Wellbeing: Sociocultural Influences on Cambodian and Laotian Refugee Communities' Responses to Environmental Challenges.

Co-Investigator
Principal Investigator: Denise Lewis
Total Award Amount: \$3,076,003

Awarded (2015): Quick Response Grant: University of Colorado, Boulder Natural Hazard Center. Infant-feeding, Maternal Vulnerability, and Well-being: The Case of Nepal Earthquake Recovery.

Principal Investigator
Total Award Amount: \$3,000

Awarded (2015): Society for Community Research and Action Community Mini Grant Infant-feeding, Maternal Vulnerability, and Well-being: The Case of Nepal Earthquake Recovery.

Principal Investigator
Total Award Amount: \$1,200

Awarded (2014): Society for Community Research and Action Mini Grant Dissertation Support: Disaster Preparedness: Psychosocial Predictors for Hazard Readiness.

Principal Investigator
Total Award Amount: \$1,200

Selected Projects in Progress

DeYoung, S.E. & Farmer, A.K. (in progress). Health conspiracy beliefs in emergency management during the COVID-19 pandemic.

Teaching

University of Delaware
